Boundless collecting

Stanley Gibbons Luxury Hingeless albums

With a space for each stamp and with crystal-clear protective mounts already affixed for immediate insertion of your stamps, these Luxury albums really are the albums for the collector who wants to give his collection a touch of class.

The leaves, which are of finest quality paper, have been expertly arranged and include selected illustrations and descriptions for your guidance.

Handsomely bound in navy blue leatherette, the deeply padded binders are richly embossed with the national crest of the country on the cover and spine and each is presented in its own matching slip-case to keep both binder and collection in pristine condition. An album of this quality and craftsmanship will lend an air of distinction to every collection and at the same time offer the security and protection which your stamps demand.

Supplements to these albums are published annually in spring.

Special prices for complete sets.

DAVO Easy self-adhesive mount

UNIQUE MOUNT INNOVATION

Gummed mounts may seem a good idea but do not stick to all types of paper, for example, some papers that are coated. In addition, you will need a sponge or shammy and some water but if you use too much water, the paper will buckle. And if you don't apply enough water, the mounts won't stick properly and will fall off.

Now we have the new DAVO easy – a unique self-adhesive mount.

A mount that is easy to use and that does not require water, a sponge or a shammy. And as a result, the problems of the past have disappeared – no buckling paper, no mounts falling off.

One other important advantage is that the DAVO Easy sticks on any kind of paper. Whether your book is laminated, coated or on high gloss paper, it is very simple; once affixed, it sticks.

That's **EASY!**
